IN-HOSPITAL BENEFITS

The following benefit categories form part of the aggregated OAL of R223 000.

GAP COVER

This covers the difference (the shortfall or the gap) between what the Medical scheme pays and what the doctors and specialists charge in hospital. We settle claims up to **500%** above scheme rate to a maximum of **600%** or at the stated benefit value.

For Robotic surgery claims that are reflected on the hospital account, we will cover up to a sub-limit of **R19 000** per policy. We will also cover the shortfall on claims for BMI (Body Mass Index) codes 0018 and 0019 only. **Subject to the OAL.**

CO-PAYMENTS AND CO-PAYMENTS CHARGED AS A PERCENTAGE

The Co-payment cover is for the co-payments (including co-payments expressed as a percentage), excesses or deductibles **as stipulated or imposed by a Medical scheme, for specified procedures, cover for hospital admission fees or surgical procedures.** The co-payment must be part of your Medical scheme rules which will be highlighted on the authorisation for your procedure. **Subject to the OAL.**

Refer to the Cancer Co-payment benefit for claims related to cancer.

PENALTY FEE

When you choose to use a hospital that is not on your Medical scheme's network, you may have to pay a stated amount or percentage of the accounts as specified by your Medical scheme rules.

This benefit has a sub-limit of **R16 000** per claim, with a maximum of **1 claim** per policy irrespective of whether a rand amount or percentage penalty fee is charged by the Medical scheme. Note that this is for the voluntary **use of a non-designated service provider or network hospital and includes the use of a partial cover network hospital.** Co-payments for administration charges are specifically excluded from cover on this option. **Subject to the OAL.**

DAY HOSPITAL/CLINIC AND/OR IN-ROOM SURGICAL PROCEDURES COVER

This benefit will cover the shortfall for any day hospital, clinic or in-room procedures including acute hospitals if a policyholder elects to have the treatment that would normally be performed in hospital, done in a day hospital, clinic or in a doctor's room by a registered medical professional. **Subject to the OAL.**

PRESCRIBED MINIMUM BENEFIT (PMB) COVER

The Prescribed Minimum Benefits (PMB) give all scheme members access to certain minimum health benefits, regardless of your Medical scheme option. Medical schemes are required to pay the full cost of diagnosis and treatment of a defined list of PMB medical conditions.

PMB Cover on this policy is only for the shortfalls resulting from the voluntary use of a non-designated service provider for a planned PMB procedure. This is not applicable in the event of an emergency. In the event of an emergency, PMB protocols should be adhered to. **Subject to the OAL.**

HOSPITAL ACCOUNT SHORTFALLS

This benefit will cover any charges, like consumables on the hospital account that the Medical scheme has not paid. We also cover take-home medication (TTOs) that the Medical scheme has not paid from risk and the cost of upgrading to a private ward up to the benefit amount.

We pay up to **R5 000** per policy at **R1 000** per claim. A **R 1 200** sub-limit is applicable to private room upgrades. **Subject to the OAL.**

SUB-LIMIT ENHANCER

This benefit has a sub-limit of **R40 000** per policy per annum, maximum **R15 000** per claim. This benefit caters for all sub-limits. We will provide cover when there is a benefit on your Medical scheme option for devices like MRI & CT Scans, Cochlear implants, Intraocular lenses, Internal prosthesis and Trans-catheter Aortic valve implantation (TAVI) procedure valves.

When you exceed your Medical scheme benefit limit during the time of the event, resulting in a shortfall or "gap", we will pay the shortfall depending on the Gap option you are on. If you claim and your Medical scheme limit has been reached at the time of the event, meaning it was used up before the claim event, and your Medical scheme does not contribute anything towards this benefit, we will not pay. **Subject to the OAL.**
